Dear Eric and Carol,

Thank you for joining us at the world premiere of Autism Every Day at the Sundance Film Festival. As you know, we had a tremendous response to the documentary, selling out all three screenings of the film during the Festival, infusing us anew to continue our work raising funds and awareness for autism.

We are moving full steam ahead with our plans for 2007 - a merger with Cure Autism Now set to increase our already 50+ Walk For Autism Research program, the *Kickoff for a Cure II* fundraiser with the NFL in March, and a variety of campaigns for April's Autism Awareness Month, including our next *Concert for Autism Speaks* on April 9, 2007 at Jazz at Lincoln Center featuring Bill Cosby, special guest Toni Braxton and Tom Brokaw as emcee.

We hope you will be an integral part of these efforts and are deeply grateful for you involvement and your support.

Warmest regards,

Suzanne & Bob
